

Grade 10 Required Courses (6 mandatory credits):

Math 10* (choose one)

Math Essentials 20S

Introduction to Applied/Pre-Calculus Math 20S

One of these is required for the Math credit for grade 10. Successful completion of this course is required for students before they can take any grade 11 math course(s). The math class you choose in grade 10 can affect the choice you have for math in grade 11 and 12. If you are unsure about which math class to take please talk to Mrs. Finch, Mr. Siemens or Mrs. Stoesz.

English Language Arts 20S*

Also known as ELA, English Language Arts takes a look at various texts of literature and various strategies for reading and writing.

Religious Studies 21G: The New Testament in its World*

The aim of this course is to focus on the Greek (New) Testament and its impact on the lives of students. In order to understand the role of the Christian according to a biblical framework, one needs to deeply study the life of Jesus' work to imitate his actions and life in the various contexts in which we find ourselves.

Physical Education/Health 20F*

This course involves physical activity in the gym as well as healthy lifestyle education in the classroom.

Social Studies 20F* (Geographic Issues of the 21st Century)

Students have opportunities to acquire the knowledge, values and skills they need to become active, responsible citizens within our Canadian society. As they mature and practice the skills of citizenship, they not only contribute to their learning communities, but also contribute to the betterment of our society.

Science 20S*

This course looks at General Science through the lenses of Biology (Ecosystems); Chemistry (Chemical Reactions); Physics (Objects in Motion) and Earth Science (Weather Dynamics).

***Courses required for Graduation from Westpark School**
