

## Grade 11 Required courses (5 mandatory credits)

### Math 11\* (choose one)

- Math Essentials 30S
- Applied Math 30S
- Pre-Calculus Math 30S

One of these is required for the Math credit for grade 11. Successful completion of this course is required for students before they can take any grade 12 math course(s). The math course you take in grade 11 can affect the choice you have of math courses in grade 12. If you are unsure about which math class to take please talk to Mrs Finch, Mr. Siemens or Mrs. Stoesz

### English Language Arts 30S\*

Also known as ELA, English Language Arts takes a look at various texts of literature and various strategies for reading and writing.

### Religious Studies 31G: Christianity in our Context\*

“How do we build a well-rounded faith?” is the primary question we address in this class. We talk about three different lenses we can see our faith through and how to bring them all together to have a well-rounded faith. Use these lenses to see the grand narrative of the Bible, church history, biblical interpretation, spiritual disciplines and more.

### Physical Education/Health 30F\*

This course involves physical activity in the gym as well as healthy lifestyle education in the classroom. This course is not reported with a percentage mark but simply a complete or incomplete designation.

### Social Studies 30F\* (History of Canada)

Students have opportunities to acquire the knowledge, values and skills they need to become active, responsible citizens within our Canadian society. As they mature and practice the skills of citizenship, they not only contribute to their learning communities, but also contribute to the betterment of our society. Social 11 focuses on the history of Canada.
