		<b>Discount Applicable (select based on chart)</b>

<b>Net Tuition Costs after Family Discount</b>	
--	--

### Capital Improvement Fee per year:

**\$200 per family**

This fee goes towards the capital expenses that the school needs to keep and maintain the facility (things in the building, not books). Capital fees do not go toward new building construction. They are supplemented by budgeted money from the general fund of the school. The Capital Fee provided throughout is 100% tax deductible and is included with the tuition portion on your annual tax receipt.

### Student Fees per year:

**\$75 – Kindergarten**

**\$125 – Students from Grades 1 to 12**

These fees cover the cost of school supplies provided to students as well as field trips for the year. Please note, you will not be reimbursed for activities if your child does not attend.
